Investment Objective

Long term total return consisting of price appreciation plus income by investing in non-U.S. equities.

Investment Strategies

This broadly diversified portfolio will hold equity securities of well-established non-U.S. companies meeting strict quality standards. The fund may purchase equity securities traded on foreign exchanges or traded in the U.S. through American Depository Receipts (ADRs). Wright systematically reviews about 14,000 non-U.S. companies from over 50 countries contained in the Worldscope® database to identify those which meet fundamental standards of investment quality established by Wright's Investment Committee.

Suitable For

The fund is suitable for investors seeking a diversified portfolio of quality non-U.S. equities offering ownership in some of the leading companies throughout the world and who are not adverse to the risks associated with international investing.

Risks

Stock prices fluctuate in response to general market and economic conditions and to the activities of individual companies. The fund is priced in U.S. dollars and fluctuations in foreign exchange rates will impact the value of

the shares of the fund. Investors should also understand that there are other risks associated with international investing including potential political instability.

Portfolio Holdings

A diversified portfolio of non-U.S. companies selected from the Approved Wright Investment List. Holdings are broadly diversified, and limited to 5% of the fund's assets in securities of any one issuer, 25% in any

one industry group. See other side for a listing of current holdings.

Investment Advisor

Wright Investors' Service is a leading international investment management and advisory firm with more than 50 years experience. Wright manages assets for bank trust departments, institutions, professional fiduciaries, and individuals, as well as mutual funds.

Past Performance

Below are the fund's annual total returns (%) for each of the last 10 years.

Average Annual Total Returns for the periods ending 03/31/17	1 Yr.	3 Yrs.	5 Yrs.	10 Yrs.	Since Inception
	7.28%	-1.90%	3.34%	-1.65%	4.17%

WIBCX has no sales charge and its annual expense ratio is limited to 1.85% by contractual agreement with the Adviser that, if not renewed, will expire on April 30, 2018. If this agreement were not in place, the expense ratio would be 2.44%.

Total Return is the % return of an initial investment made at the beginning of the period to the ending redeemable value assuming all dividends and distributions are reinvested. Remember, past performance is not predictive of future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.

Wright mutual funds are offered through Wright Investors' Service Distributors, Inc., a wholly owned subsidiary of The Winthrop Corporation. Wright Investors' Service, Inc., also a subsidiary of The Winthrop Corporation, is the investment adviser to the Wright funds.
