1. Wright Managed Mutual Funds are offered by Wright Investors' Service Distributors, Inc. For more complete information, including charges and expenses, send for a prospectus from Wright Investors' Service Distributors, Inc., 177 West Putnam Avenue, Greenwich, CT 06830-5203, call 1-800-555-0644 or e-mail funds@wisi.com or download it from www.wrightinvestors.com. Read the prospectus carefully and consider the investment objectives, risks and charges and expenses before you decide to invest or send money.

2. The total investment return is the percent return of an initial investment made at the beginning of the period to the ending redeemable value assuming all dividends and distributions are reinvested. The percent return for periods less than one year is not annualized. The indices shown are unmanaged and do not include expenses. The MSCI World Index, excluding USA, is based on data compiled by Morgan Stanley Capital International, Inc. and it is shown net of foreign withholding taxes. Performance values presented represent past performance and are not predictive of future performance. It should be understood that the investment return and principal value will fluctuate so that the investors' shares, when redeemed, may be worth more or less than the original investment and the current performance may be lower or higher than the performance data quoted.

3. The Wright funds have no sales charge and their annual expense ratio is limited by a contractual agreement with the advisor. The agreement, if not renewed, will expire April 30, 2018. In addition, the advisor voluntarily further limited the expense ratio of the WCIFX from the contractual limit of 1.00% to 0.90%. Such voluntary limitation may be terminated at any time. If the agreement were not in place, the expense ratios would be WQCEX 1.92%, WSBEX 1.30%, WIBCX 2.75%, and WCIFX 1.01%.
